

Dear Fundraising Co-ordinator,

I am emailing you with this great way to raise funds for your school.

The Husk Coffee Mug fundraiser offers a number of great benefits beyond the standard fundraisers including:

- Unique alternative to chocolate fundraisers
- An ecofriendly product that will last for years!
- Parents/Staff who drink coffee will love it!
- For every coffee mug sold \$5 goes to the school
- Great gift for any occasion
- Small company offering personalised service
- Encourages parents to support your school's sustainability journey

This fundraiser is sure to grab the parent's interest.

For every coffee mug sold your school will receive \$5. If over 50 coffee mugs are sold \$10 from every coffee mug sold will be given to the school. Full support will be provided during the fundraiser and all documents required to make this fundraiser a success are attached. Documents are easily customised and available to keep costs of running fundraisers to an absolute minimum.

Attached you will find

1. Information Page with everything you and your community needs to know about the husk coffee mug.
2. A customisable Order Form (staff- discounted price)
3. A customisable Order Form (community- fundraiser price)

If you wish to discuss this opportunity, I am happy to talk over the phone, via email or meet with you and show you the product in person. Samples of each colour will be provided for you to show your staff/ school community.

Kind Regards,

Amy Laphorne
