

RESOURCESMART SCHOOLS PROGRESS ONLINE WORKSHOP

Term 4 2020

The ResourceSmart Schools Progress Online Workshop is back for Term 4! Schools and centres are invited to join us online to spend a productive day of facilitated support on ResourceSmart Schools!

The workshop is designed to support Sustainability Coordinators and other teachers/educators and staff involved in Sustainability. CERES facilitators will be there to help you make progress on the modules and Stars you are working on.

This day is an excellent opportunity to network with other schools and centres as we bring together teachers/educators and staff from the Northern, Eastern and Southern regions. Hear about sustainability projects from a school in each region, have plenty of time to make progress in ResourceSmart Schools, join session workshops on different sustainability topics, and also have access to offline activities to allow you to work at your own pace.

You can join us for all or part of the day as it suits your availability.

**THURSDAY 22 OCTOBER 2020, 9:30AM - 3:00PM
ONLINE VIA ZOOM**

REGISTRATIONS

Registrations are required as you will be provided with a Zoom link and other resources prior to the workshop.

[Click to
REGISTER](#)

Registrations close 5pm Tuesday 20 October 2020.

Our online Progress Workshop is not limited in number, so please share this flyer with other staff and/or parents working on sustainability in your school/centre.

ResourceSmart Schools is an award-winning Victorian Government program, managed by Sustainability Victoria, that assists schools to embed sustainability in everything they do.

ResourceSmart Schools is an award-winning Victorian Government program, managed by Sustainability Victoria, that assists schools to embed sustainability in everything they do.

During this period of online delivery, CERES Education will be using Zoom for check-in meetings and online professional learning workshops. With its increased number of users during the pandemic, Zoom has implemented extra security features to keep all users safe (including authorised entry), and we have reviewed the DET guidelines to ensure that these have been met. A guide on using Zoom will be provided to all registered participants, and we are happy to answer any enquiries prior to the session should you have any concerns.
